International Relations By *Stephanie Lawson*

International Relations emerged as a distinct academic discipline in the early twentieth century as scholars and practitioners sought to address the causes of war and conditions for peace in a systematic and sustained way. Its philosophic foundations, however, draw on centuries of thinking about human nature, political authority and obligation, justice and injustice, and their implications for relations within and between political communities. Since then, IR has become one of the most important and dynamic fields of academic study in the contemporary period.

In this second edition, *Stephanie Lawson* retains a broad historical and contextual approach in introducing readers to the central themes and theoretical perspectives while also addressing key concerns in the contemporary period. These include the emergence of states and empires, theories ranging from classical realism and liberalism to postcolonial and 'green' theory, twentieth century international history, security and insecurity, global governance and world order, international political economy, globalization and the prospects for a 'postinternational' world.

Written in an accessible narrative style, this book will appeal to students at undergraduate level and beyond, including those undertaking postgraduate coursework study in IR with little or no previous academic training in the field.

Editorial Review

Review

"A rare accomplishment. Quite the best introductory text in international relations I have ever seen."

Peter Vale, University of Johannesburg

"This is the kind of textbook that promotes intelligent conversation between student and teacher about the evolution of International Relations both as a discipline of study and as practice. With a light touch and admirable clarity of language, it confidently handles the definitional and conceptual ideas at the heart of the subject."

Rosemary Foot, St Antony's College, Oxford

"The new edition of Stephanie Lawson's innovative international relations text builds on the strengths of the first edition - its historical contextualization of contemporary global politics, an emphasis on normative elements, and an openness to various theoretical approaches - and adds comprehensive chapters on IR theory and on international political economy."

John Ravenhill, Australian National University

About the Author

Stephanie Lawson is Professor of Politics and International Relations at Macquarie University.

Users Review

From reader reviews:

Georgianna Menendez:

Within other case, little individuals like to read book International Relations. You can choose the best book if you love reading a book. Provided that we know about how is important a book International Relations. You can add expertise and of course you can around the world by just a book. Absolutely right, simply because from book you can realize everything! From your country till foreign or abroad you will find yourself known. About simple thing until wonderful thing you may know that. In this era, we could open a book or maybe searching by internet product. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's study.

Jon Harrill:

Nowadays reading books be a little more than want or need but also be a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The info you get based on what kind of reserve you read, if you want drive more knowledge just go with training books but if you want experience happy read one using theme for entertaining including comic or novel. The International Relations is kind of book which is giving the reader capricious experience.

Nancy Nault:

Spent a free a chance to be fun activity to complete! A lot of people spent their leisure time with their family, or their friends. Usually they accomplishing activity like watching television, going to beach, or picnic from the park. They actually doing same every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? May be reading a book might be option to fill your totally free time/ holiday. The first thing you ask may be what kinds of publication that you should read. If you want to try out look for book, may be the e-book untitled International Relations can be very good book to read. May be it could be best activity to you.

Roland Collins:

In this era which is the greater person or who has ability to do something more are more important than other. Do you want to become among it? It is just simple method to have that. What you must do is just spending your time not much but quite enough to possess a look at some books. One of many books in the top listing in your reading list is International Relations. This book that is qualified as The Hungry Hillsides can get you closer in turning into precious person. By looking right up and review this book you can get many advantages.
