**Introduction to Global Politics** By Steven L. Lamy, John Baylis, Steve Smith, Patricia Owens

The first U.S. textbook to offer students a truly global approach, *Introduction to Global Politics* brings together an expert team of international scholars who provide a current, engaging, non-U.S. perspective on international relations.

Authors Steven L. Lamy, John Baylis, Steve Smith, and Patricia Owens help students to identify patterns, to apply theories, and to see "the whole chessboard" of global politics. The book's unique organization facilitates this global approach by dividing typical course coverage into several core areas of study--"Foundations," "Theories," "Actors," and "Issues"--allowing not only for maximum teaching flexibility but also for more thoughtful classroom discussions on various theories, transnational actors, and timely global issues.
