Judaism and Hellenism: Studies in Their Encounter in Palestine During the Early Hellenistic Period By Martin Hengel

This is the fascinating story of a group of reformers who tried to go too fast, bungled their reform, and so changed the course of history. Hengel's thesis is that Hellenistic influences were, and had been for centuries, smoothly penetrating Judaism even in Jerusalem; there was respect on both sides between Jew and Greek. Then the Greek party tried to go too fast, make Hellenization obligatory and outlaw the Law. This occasioned a furious defensive reaction; Judaism clammed up, became xenophobic and rigoristic, producing the attitude which in its turn created the defensive reaction of anti-Semitism which has stained so many centuries. The defensive rigidity set up in Judaism made it unable to respond to Jesus' creative reinterpretation of the Law, and so led to the rejection of Christianity. This is a truly important scholarly work. The exhaustive collection of evidence will make it a fundamental textbook for the period' (The Tablet). 'A foundation book and essential as a source book and as a guide to trends in present research' (The Expository Times). Martin Hengel was Professor of New Testament and Early Judaism in the University of Tübingen.

You can spend your personal spend time to read your reserve. Try to make relationship using the book Judaism and Hellenism: Studies in Their Encounter in Palestine During the Early Hellenistic Period. You never experience lose out for everything should you read some books.

Micheal Goggin:

Is it a person who having spare time subsequently spend it whole day by simply watching television programs or just laying on the bed? Do you need something new? This Judaism and Hellenism: Studies in Their Encounter in Palestine During the Early Hellenistic Period can be the reply, oh how comes? It's a book you know. You are so out of date, spending your free time by reading in this fresh era is common not a geek activity. So what these guides have than the others?

Kristi Rowden:

As a college student exactly feel bored to be able to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just little students that has reading's spirit or

real their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Judaism and Hellenism: Studies in Their Encounter in Palestine During the Early Hellenistic Period can make you sense more interested to read.
