**Kiss Me Again (If We Kiss)** By Rachel Vail

*Kiss Me Again*, the sequel to Rachel Vail's beloved contemporary teen romance *If We Kiss*, follows Charlie (Charlotte) Collins as she struggles with her feelings for her longtime crush Kevin Lazarus after their parents marry and he becomes her stepbrother.

It was complicated enough when their parents were only dating and Kevin was going out with Charlie's best friend, Tess. Now, living under one roof, Charlie and Kevin are crossing paths *and* crossing lines, sneaking around at night and then sitting down to breakfast together as a family. It feels so crazy—exciting, confusing, impossible, and romantic. It can't last, not like this, but if anybody discovers their secret, everything could explode. . . .

Praised for her wit and realism, award-winning author Rachel Vail delivers a poignant tale of first love and powerful kisses, at long last answering the question of what happens when a crush so off-limits it has to be fantasy suddenly becomes very real.

### Editorial Review

#### From School Library Journal

Gr 8-10-As this sequel to *If We Kiss* (HarperCollins, 2005) opens, Charlie and Kevin have shared a romantic kiss after the wedding of their parents. Charlie is a realistic 14-year-old, vacillating between maturity and childishness with ease and believability. Her awkwardness and growing pains in dealing with friendships, a re-formed family, and romantic relationships provide sufficient tension and interest. Kevin can seem too smooth and mature to be a high school freshman, but the flirting and friendship between the stepsiblings is generally believable. Lots of humor and the realistic portrayal of family interactions help overcome slight flaws in secondary character development and occasional inadequately explained references to situations from the previous title. Although the ending feels somewhat rushed, there is a sense of closure that still leaves open the possibility of a follow-up novel. A teen-friendly romance without sexual references.-Natasha Forrester, Multnomah County Library, OR(c) Copyright 2011. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. No redistribution permitted.

#### From Booklist

Now living with the first boy she ever kissed, "nearly" 15-year-old Charlie is very confused about their relationship, especially since the reason they reside in the same house is that their parents have married each other, and yet they (as in Charlie and Kevin) still can't stop smooching. Confusion is actually an understatement as the complications that commenced in the lighthearted *If We Kiss* (2005) increase in their teenaged complexity as friendships are tested, rumors are spread, and blended families learn how to come together. Vail presents it all through Charlie's humorous, obsessive, and believable first-person voice, and while there are most certainly some innuendos and multiple eww-they're-like-stepsiblings moments throughout, between all the texting, sneaking, and snogging, there's nothing too far beyond what previous generations may have imagined between Greg and Marcia Brady. Kevin has gained some dimension since the previous volume and among all the hormones going amok there is an entertaining and relatable romp about figuring out first love. Grades 7-10. --Andrew Medlar

#### Review

"From the first page, readers are sucked into a story both angst-y and funny. An enjoyable romance that eschews smutty for sweet." (Kirkus Reviews)

"An entertaining and relatable romp about figuring out first love." (ALA Booklist)
