Whether working with executives from Fortune 500 firms or readying the nation's top attorneys to choose the ideal juries for their clients, Patrician McCarthy has built a reputation for her ability to help others determine a person's personality, potential, and inherent talents by analyzing his or her facial structure and features. Now McCarthy shares her understanding of this ancient knowledge with readers everywhere.

Literally meaning face (*mien*) reading (*shiang*), mien shiang is a powerful means of both self-discovery and a way to understand others. Taoist ancients said, "the face is a mirror that records your past, reflects your present, and forecasts your future." McCarthy introduces five essential influences in our lives revealed by the face and enables you to interpret and understand these influences. With the practice of Mien Shiang, you will live in a harmony of mind, body, and spirit.
