Editorial Review

From [Booklist](#)

Even though she is the daughter of a king, Xylara refuses to wait idly for a marriage that will benefit the Land of Xy and so becomes an accomplished healer, a useful skill when her country is drawn into war with the Firelanders. Even though her half brother, the present king, does not want her treating the enemy, Xylara feels she must--both for the honor of Xy and for simple humanity. When her brother suddenly surrenders to the Firelander Warlord, Xylara is stripped of all her possessions and sent to the conqueror as a slave referred to as "Warprize." As Xylara learns to live with the masterful Warlord, she begins to understand the very different social structure and beliefs of those she has seen as uncivilized. Vaughan's brawny barbarian romance re-creates the delicious feeling of adventure and the thrill of exploring mysterious cultures created by Robert E. Howard in his Conan books and makes for a satisfying escapist read with its enjoyable romance between a plucky, near-naked heroine and a truly heroic hero. *Diana Tixier Herald*
