Harvest By Tess Gerritsen

Medical resident Dr. Abby Matteo is elated when the elite cardiac transplant team at Boston's Bayside Hospital taps her as a potential recruit. But faced with a tormenting life-and-death decision, Abby helps direct a crash victim's harvested heart to a dying teenager -- instead of the wealthy older woman who was supposed to receive it. The repercussions leave Abby shaken and plagued with self-doubt.

Suddenly, a new heart appears, and the woman's transplant is completed. Then Abby makes a terrible discovery. The donor records have been falsified -- the new heart has not come through the proper channels. Defying the hospital's demands for silence, she begins her own investigation that reveals a murderous, unthinkable conspiracy. Every move Abby makes spawns a vicious backlash...and on a ship anchored in the waters of Boston harbor, the grisly truth lies waiting.

Editorial Review

Amazon.com Review

When Robin Cook wrote *Coma* in 1977, the idea of hospital patients being incubated for their vital organs sounded like science fiction. Twenty years later, this gripping thriller about a thriving international black market in human hearts, livers and kidneys could come from tomorrow's "Nightline." Author Gerritsen was an internist before she switched her energies to writing, and her experience shows in every scene. When young surgical resident Dr. Abby DiMatteo assists at her first "harvest" (the removal of living organs from a patient declared legally brain dead) at Boston's posh Bayside Hospital, "she felt vaguely nauseated by the whine of the blade, the smell of bone dust," neither of which seem to bother the veterans. It's obviously a personal memory being mined for good fictional purposes. (Gerritsen wrote paperback romance novels before **Harvest**: Check out her *Keeper of the Bride* and *Thief of Hearts*.)

From Publishers Weekly

If imitation is the sincerest form of flattery, Robin Cook is going to feel just swell after taking a look at Gerritsen's first novel. It's been 19 years since Cook published *Coma* as his own first novel, but that book's basic elements?as a tale of medical terror in which a feisty young female doctor in Boston foils a medical conspiracy involving the murdering of innocents to harvest their organs?are found in Gerritsen's novel as well. Along with the requisite amoral medical types goaded by greed, Gerritsen includes Russian mobsters, orphans at deadly risk, a ruthless industrialist, murders disguised as suicides, a bloody climax aboard a Russian freighter in Boston Harbor and some graphic surgical scenes. Surgical resident Abby DiMatteo is on the fast track at Boston's fictional Bayside Hospital. But after she disobeys orders so she can give a heart transplant to a failing 17-year-old instead of to a failing middle-aged, rich woman, her career options look slim. Fighting back against hospital administrators, shyster lawyers and violent thugs, Abby?spunky but angst-ridden and also rather whiny?finds major discrepancies in the records of Bayside's organ-transplant procedures. Shocked, she finally learns the truth, experiences a major betrayal and, in the climax, must herself face the final harvest. Gerritsen's crisp pacing and adept handling of the medical background?she's a retired internist?add sizzle to the tale, but her characters need life support, the climax is too drawn out and the final revelations will surprise only readers who move their lips. Major ad/promo; film rights sold to Paramount; simultaneous Simon & Schuster Audio; foreign rights sold in the U.K., Germany, Sweden, Holland, Finland, France, Korea, Denmark, Norway, Spain and Italy.

Copyright 1996 Reed Business Information, Inc.

From Library Journal

Gerritsen, the author of several romance tales (e.g., *Thief of Hearts*, Harlequin, 1995), has written a medical thriller that has her publicist ablaze with anticipation.

From reader reviews:

Antonia Wagner:

What do you concentrate on book? It is just for students since they're still students or it for all people in the world, the actual best subject for that? Just simply you can be answered for that question above. Every person has distinct personality and hobby for each other. Don't to be compelled someone or something that

they don't need do that. You must know how great in addition to important the book Harvest. All type of book can you see on many options. You can look for the internet methods or other social media.

Adam Whittington:

What do you with regards to book? It is not important with you? Or just adding material when you need something to explain what the ones you have problem? How about your time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have extra time? What did you do? Everybody has many questions above. They need to answer that question due to the fact just their can do this. It said that about e-book. Book is familiar on every person. Yes, it is correct. Because start from on kindergarten until university need this kind of Harvest to read.

Katie Johnson:

Playing with family within a park, coming to see the marine world or hanging out with pals is thing that usually you could have done when you have spare time, then why you don't try point that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Harvest, it is possible to enjoy both. It is fine combination right, you still need to miss it? What kind of hang type is it? Oh come on its mind hangout fellas. What? Still don't have it, oh come on its known as reading friends.

Mary McClellan:

Don't be worry should you be afraid that this book may filled the space in your house, you can have it in e-book method, more simple and reachable. This Harvest can give you a lot of good friends because by you considering this one book you have point that they don't and make an individual more like an interesting person. That book can be one of a step for you to get success. This publication offer you information that probably your friend doesn't know, by knowing more than other make you to be great folks. So , why hesitate? Let us have Harvest.
