## Religion and the Decline of Magic By Keith Thomas

Astrology, witchcraft, magical healing, divination, ancient prophecies, ghosts, and fairies were taken very seriously by people at all social and economic levels in sixteenth- and seventeenth-century England. Helplessness in the face of disease and human disaster helped to perpetuate this belief in magic and the supernatural. As Keith Thomas shows, England during these years resembled in many ways today's "underdeveloped areas." The English population was exceedingly liable to pain, sickness, and premature death; many were illiterate; epidemics such as the bubonic plague plowed through English towns, at times cutting the number of London's inhabitants by a sixth; fire was a constant threat; the food supply was precarious; and for most diseases there was no effective medical remedy.

In this fascinating and detailed book, Keith Thomas shows how magic, like the medieval Church, offered an explanation for misfortune and a means of redress in times of adversity. The supernatural thus had its own practical utility in daily life. Some forms of magic were challenged by the Protestant Reformation, but only with the increased search for scientific explanation of the universe did the English people begin to abandon their recourse to the supernatural.

Science and technology have made us less vulnerable to some of the hazards which confronted the people of the past. Yet *Religion and the Decline of Magic* concludes that "if magic is defined as the employment of ineffective techniques to allay anxiety when effective ones are not available, then we must recognize that no society will ever be free from it."

## Editorial Review

### Review

"One of the three or four outstanding pieces of historical writing to have appeared in the last thirty years."--  
Paul Slack, *History Today*

"Thomas's book, so formidable in its scope and so brilliant in its insights, is a major historical achievement as a result of which the period will never look quite the same again."--*Economic History Review*

### About the Author

**Sir Keith Thomas** is President of Corpus Christi College, Oxford, and President of the British Academy. His works include *Man and the Natural World*, and other writings on the social and cultural history of early modern England. He is also the editor of the *Past Masters* and *Oxford Studies in Social History* series.

## Users Review

### From reader reviews:

#### Frances Carpenter:

Nowadays reading books become more and more than want or need but also become a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge even the information inside the book in which improve your knowledge and information. The data you get based on what kind of reserve you read, if you want attract knowledge just go with knowledge books but if you want sense happy read one with theme for entertaining for example comic or novel. Often the Religion and the Decline of Magic is kind of reserve which is giving the reader erratic experience.

#### Eva Burton:

Spent a free time to be fun activity to do! A lot of people spent their spare time with their family, or their particular friends. Usually they undertaking activity like watching television, likely to beach, or picnic inside park. They actually doing same every week. Do you feel it? Will you something different to fill your own personal free time/ holiday? Could be reading a book might be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to try out look for book, may be the publication untitled Religion and the Decline of Magic can be very good book to read. May be it is usually best activity to you.

**Henry Reavis:**

Exactly why? Because this Religion and the Decline of Magic is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret that inside. Reading this book alongside it was fantastic author who write the book in such wonderful way makes the content within easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of gains than the other book possess such as help improving your talent and your critical thinking method. So , still want to hold up having that book? If I were being you I will go to the e-book store hurriedly.

**Molly Salazar:**

Are you kind of stressful person, only have 10 or perhaps 15 minute in your morning to upgrading your mind expertise or thinking skill perhaps analytical thinking? Then you are receiving problem with the book when compared with can satisfy your small amount of time to read it because pretty much everything time you only find guide that need more time to be read. Religion and the Decline of Magic can be your answer mainly because it can be read by a person who have those short extra time problems.
