## The Nineteenth-Century Novel: Realisms From Brand: Routledge

The essays in this volume trace the experimentation of nineteenth-century writers in advancing new modes of realist fiction while revitalizing the inheritance of the Gothic and the Romantic.

Focusing on some of the most popular novels of the century (*Northanger Abbey*, *Jayne Eyre*, *Dombey and Son*, *Middlemarch*, *Far from the Madding Crowd* and *Germinal*), this attractive volume explores some of the recurring themes in nineteenth-century fiction:

aspiration and vocation; social class; sexual politics; political reform; colonialism and commerce.

This is an ideal introduction to some of the major fictional achievements of the first industrial era, and to most of the crucial themes in nineteenth-century fiction.

## **Editorial Review**

Review

**'The wealth of material presented on each novel and the explicit guidance for students are enormously helpful, as is the avoidance of straightforward, definitive readings in favour of opening up the complexity of the novels and leaving space for the exercise of personal opinion.'** - Joy Alexander, *Use of English*

About the Author

Delia da Sousa Carrea is Lecturer in Literature at The Open Univeristy.

## **Users Review**

**From reader reviews:**

**Donna Cook:**
