## The Quick and Easy Way to Effective Speaking By dale carnegie

c/r 1962, 12th printing 1977. Dale Carnegie & Associates Inc. The book has been reworked so many times and improved by the experiences of the Dale Carnegie Organization. That is what makes this book so good. This last revision by Dorothy Carnegie based on Mr. Carnegie's notes and plans is benefited by a strong editorial approach. The most important persistent advice is to talk about things you care about and are extremely knowledgeable about. Be excited about the subject or pick a new topic. Find every opportunity to speak and prepare for each one as a major opportunity. It tells how to limit your subject so that you have time to fill in the details that make it a winning talk. It guides you on how to personalize the speech and use words that have impact. The easy introduction to the methods of studying and understanding your audience are very important. It makes a good start on the field of audience participation. This book provides excellent advice on rehearsal. This book along with every other speaking book drives home the point that there is no such thing as a good impromptu talk unless you were very lucky. In reality you work on subjects and material with a plan to use it at some future time. When you are speaking there are many things to watch. If you speak impromptu on a new subject something is going to suffer. Introducing a speaker or presenting an award seems to stimulate reckless behavior much like the cutting desire to hurt people of newscasters. This book explains why this behavior is so short sighted. Having read a Dale Carnegie book decades ago, I put off reading this book for fear it would be full of positive thinking dribble. This book is completely straight forward in style. It is in textbook format, but it is extremely easy to read. The examples of actual students and successful speakers get a little shallow sometimes. The outstanding thumbnail review of each part of the book is very helpful. I have read 21 books on public speaking.

##### **John Jones:**

You could spend your free time you just read this book this publication. This The Quick and Easy Way to Effective Speaking is simple to bring you can read it in the recreation area, in the beach, train as well as soon. If you did not include much space to bring the actual printed book, you can buy typically the e-book. It is make you better to read it. You can save the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

##### **Thomas Rice:**

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important to suit your needs. As

we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this The Quick and Easy Way to Effective Speaking can make you really feel more interested to read.
