Weather at Sea By David Houghton

The weather affects everyone at sea, whether you are pottering along the coast, motoring from port to port or sailing to another continent. This book explains clearly the basic principles that govern the weather. The concepts have been made easy to understand, letting you get the most from weather maps and forecasts, along with teaching you to predict the weather.

Editorial Review

From the Back Cover

This book explain clearly the basic principles that govern the weather. You will learn:

- How to get the most from weather maps and forecasts
- How the coast modifies the wind
- How the sea breeze arises
- How to keep an eye on the clouds, the waves and the barometer
- How to anticipate gales, thunderstorms and fog.

The weather affects everyone at sea, whether you are pottering along the coast, motoring from port to port or sailing to another continent.

Recommended for RYA Day skipper and Coastal Skipper/ Yachtmaster courses.

About the Author

A top meteorologist at the UK Met. Office for many years, **David Houghton** has been teaching sailors to understand the weather for four decades. He was weather coach to our Olympic, America's Cup and Admiral's Cup teams.

Users Review

From reader reviews:

Linda Fite:

Book is definitely written, printed, or created for everything. You can know everything you want by a e-book. Book has a different type. As you may know that book is important issue to bring us around the world. Next to that you can your reading expertise was fluently. A reserve Weather at Sea will make you to become smarter. You can feel more confidence if you can know about every thing. But some of you think that will open or reading any book make you bored. It is far from make you fun. Why they could be thought like that? Have you looking for best book or ideal book with you?

Patrick Stokes:

You could spend your free time to study this book this reserve. This Weather at Sea is simple to bring you can read it in the park, in the beach, train as well as soon. If you did not possess much space to bring the printed book, you can buy the particular e-book. It is make you quicker to read it. You can save the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.

Winford Patterson:

Many people spending their time by playing outside having friends, fun activity having family or just watching TV all day long. You can have new activity to invest your whole day by looking at a book. Ugh, ya

think reading a book can really hard because you have to bring the book everywhere? It all right you can have the e-book, getting everywhere you want in your Touch screen phone. Like Weather at Sea which is having the e-book version. So , try out this book? Let's find.

Yolanda Harris:

Reading a book make you to get more knowledge from it. You can take knowledge and information from the book. Book is published or printed or illustrated from each source that filled update of news.
