### Electric Locomotives (Enthusiast Color) By Brian Solomon

The history of electric freight and inter-urban commuter locomotives in the U.S. begins with their development in East Coast urban centers and continues their service in the present day. Railways that used or continue to use electric motive power in cities, suburbs and even over mountain passes - including the B&O, Pennsylvania, New Haven, New York Central, Norfolk & Western, Illinois Central, Milwaukee Road, and Amtrack - are depicted in period and modern color photography. This book also covers legendary electrics like the S-motors that towed steam powered trains through tunnels and into busy urban stations and several more. The text includes discussion on the roles played by GE and Westinghouse, specialized equipment, and how technology laid the groundwork for the development of diesel-electric locomotives prior to WW II.

## **Editorial Review**

### **About the Author**

Brian Solomon is one of today's most accomplished railway historians. He has authored more than 30 books about railroads and motive power, and his writing and photography have been featured in *Trains*, *Railway Age*, *Passenger Train Journal*, and *RailNews*. Solomon divides his time between Massachusetts and Ireland.

## **Users Review**

### **From reader reviews:**

#### **Lucia Morrone:**

What do you concentrate on book? It is just for students because they are still students or the idea for all people in the world, what best subject for that? Only you can be answered for that issue above. Every person has distinct personality and hobby for each other. Don't to be pressured someone or something that they don't desire do that. You must know how great along with important the book *Electric Locomotives (Enthusiast Color)*. All type of book are you able to see on many resources. You can look for the internet resources or other social media.

#### **Maria Bruns:**

People live in this new day time of lifestyle always attempt to and must have the spare time or they will get lots of stress from both everyday life and work. So , if we ask do people have extra time, we will say absolutely indeed. People is human not a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you of course your answer will unlimited right. Then do you try this one, reading ebooks. It can be your alternative inside spending your spare time, typically the book you have read will be *Electric Locomotives (Enthusiast Color)*.

#### **Joseph Jenkins:**

This *Electric Locomotives (Enthusiast Color)* is great reserve for you because the content which is full of information for you who all always deal with world and get to make decision every minute. This book reveal it details accurately using great coordinate word or we can claim no rambling sentences within it. So if you are read the item hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but tricky core information with attractive delivering sentences. Having *Electric Locomotives (Enthusiast Color)* in your hand like keeping the world in your arm, details in it is not ridiculous one particular. We can say that no book that offer you world inside ten or fifteen minute right but this publication already do that. So , this is certainly good reading book. Hey Mr. and Mrs. hectic do you still doubt that will?

**Marie Daugherty:**

In this period of time globalization it is important to someone to obtain information. The information will make anyone to understand the condition of the world. The health of the world makes the information much easier to share. You can find a lot of references to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher that will print many kinds of book. The particular book that recommended for you is Electric Locomotives (Enthusiast Color) this publication consist a lot of the information from the condition of this world now. This book was represented how do the world has grown up. The vocabulary styles that writer value to explain it is easy to understand. The actual writer made some study when he makes this book. That is why this book suited all of you.
