Editorial Review

Review

'All five volumes provide vital information for consultants and contractors to size up the prospects of finding work in the region and carry out feasibility studies. Within each volume, a chapter is devoted to each country, giving main economic and construction indicators, cost data on labour and materials, unit rates for 60 construction work items, approximate estimating rates for a range of building types, and addresses of useful contacts.' Building

About the Author

Franklin + Andrews, part of the Mott MacDonald Group, is one of the world's leading Construction Economists, operating in major centres of the UK and overseas in Asia Pacific, the Americas, Europe, Middle East and Africa.

Users Review

From reader reviews:
