Fundamentals of Anaesthesia From Greenwich Medical Media

The second edition of Fundamentals of Anaesthesia builds upon the success of the first edition, and encapsulates the modern practice of anaesthesia in a single volume. Written and edited by a team of expert contributors, it provides a comprehensive but easily readable account of all of the information required by the FRCA Primary examination candidate and has been expanded to include more detail on all topics and to include new topics now covered in the examination. As with the previous edition, presentation of information is clear and concise, with the use of lists, tables, summary boxes and line illustrations where necessary to highlight important information and aid the understanding of complex topics. Great care has been taken to ensure an unrivalled consistency of style and presentation throughout.

Editorial Review

Review

'Fundamentals of Anaesthesia manages to combine common sense with concise information to be an all-in-one anaesthesia textbook. Although it is aimed at trainees sitting the primary FRCA, I suspect it will be useful for the final fellowship, for anaesthetists returning to clinical work after time out, and for consultants wanting a brief overview for teaching purposes.' British Medical Journal, January 2000

'Fundamentals of Anaesthesia is an excellent textbook for anyone preparing for the primary FRCA.' Anaesthesia, April 2000

'Overall, Fundamentals of Anaesthesia is an excellent book, which I enjoyed reading, and which will be valuable to practising and training anaesthetists throughout the world ... I encourage those preparing for their Part 1 FRCA examination to purchase this book ... This book will also be a welcome addition to departmental libraries and private reference collections.' European Journal of Anesthesiology, 2000

'The book's declared intent is to function as a revision aid for the primary FRCA. As such, it works very well. The layout is clear and graphics are cleverly used to focus then eye and the mind.' British Journal of Anaesthesia

'... attractively presented in four colour-coded sections and a functional index. It is well illustrated with line drawings, scientific figures and highlighted text boxes ... affordable and ... provides a comprehensive resource for basic trainees or a useful revision aid for more senior grades.' Anaesthesia and Intensive Care

Users Review

From reader reviews:

Dorothy Wild:

This book untitled Fundamentals of Anaesthesia to be one of several books which best seller in this year, that's because when you read this guide you can get a lot of benefit on it. You will easily to buy this kind of book in the book store or you can order it through online. The publisher of the book sells the e-book too. It makes you quicker to read this book, since you can read this book in your Smartphone. So there is no reason for you to past this publication from your list.

Michael Coffman:

This Fundamentals of Anaesthesia is great book for you because the content which is full of information for you who else always deal with world and possess to make decision every minute. This specific book reveal it facts accurately using great plan word or we can point out no rambling sentences inside it. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but tough core information with splendid delivering sentences. Having Fundamentals of Anaesthesia in your hand like getting the world in your arm, info in it is not ridiculous a single. We can say that no guide that offer you world with ten or fifteen small right but this guide already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. active do you still doubt this?

Maryanna Kuhns:

Don't be worry if you are afraid that this book can filled the space in your house, you can have it in e-book technique, more simple and reachable. This Fundamentals of Anaesthesia can give you a lot of close friends because by you looking at this one book you have point that they don't and make anyone more like an interesting person. This particular book can be one of one step for you to get success. This book offer you information that maybe your friend doesn't recognize, by knowing more than some other make you to be great persons. So , why hesitate? Let us have Fundamentals of Anaesthesia.

Frankie Lampkins:

A lot of guide has printed but it differs from the others. You can get it by web on social media. You can choose the top book for you, science, comedian, novel, or whatever by searching from it. It is identified as of book Fundamentals of Anaesthesia. Contain your knowledge by it. Without causing the printed book, it might add your knowledge and make you happier to read. It is most important that, you must aware about guide. It can bring you from one destination to other place.
