### **Helvete: A Journal of Black Metal Theory: Issue 3: Bleeding Black Noise (Volume 3)** By Helvete Journal

Black Metal Theory is noise. Lacking one clear manifesto or position, it fails to become an elite circle. It is amplified and transmitted electronically: through instruments, lo-fi recordings, internets, and print-on-demand publishers...yet rather than a clear direction of progress we glean only its subversive raw dissonance, disruptions, animalistic screams, resonating disturbances, high-pitched feedback, primitive growls, and its atmospheric statics, hisses, and drones. Black Metal Theory refuses to be hi-fi. It quenches its sonic thirsts from primordial-ditch stews that resemble the dark sludge of recently melted snowfall — pristine white flakes transmuted into a tumultuously sexy and delicious mixture of trash and dirt and ash and poison that swirls and splashes in ditches before seeping into the underground. Our ears drink this disharmonious black bile and our bodies suspend in its intoxicating formless complexities. The third issue of Helvete, “Bleeding Black Noise,” features artwork and essays that focus on the sonic aspects of Black Metal, specifically its interactions with Noise — the interruptions, creations, and destructions of signals as black noise. “Bleeding Black Noise” is a revision of Steven Parrino’s statement, “My relation between Rock and visual art: I will bleed for you.” In this issue, Rock is replaced with Noise, and Bleeding is celebrated as a release of the Black Noise — raw energy and formless potential. The essays and art portfolios included here experiment with sonic and conceptual feedback, as well as the way that black noise works through feedback as a process, resonating as background hums or drones, and cascading in foregrounded screams. TABLE OF CONTENTS // “Untitled,” by Alessandro Keegan — “Black Noise: The Throb of the Anthropocene,” by Susanna Pratt — “Dead Body of a Performance,” by Michaël Sellam — “Vocal Distortion,” by Simon Pröll — “1558–2016,” by Gast Bouschet and Nadine Hilbert — “Distraction,” by Bagus Jalang — “Leaving the Self Behind,” by Nathan Snaza — “Excerpts from z/w/a/r/t24 and Z/W/A/R/T Magazine 5,” by Max Kuiper — “False Atonality, True Non-tonality,” by Bert Stabler — “Untitled,” by Faith Coloccia — “Nonevent: Grotesque Indexicality, Black Sites, and the Cryptology of the Sonorous Irreflective in T.O.M.B.,” by Kyle McGee

## **Editorial Review**

### About the Author

Not to be confused with metal studies, music criticism, ethnography, or sociology, Helvete: A Journal of Black Metal Theory is a speculative and creative endeavor, one which seeks ways of thinking that count as Black Metal events — and indeed, to see how Black Metal might count as thinking. Theory of Black Metal, and Black Metal of theory. Mutual blackening. Therefore, we eschew any approach that treats theory and Metal discretely, preferring to take the left-hand path by insisting on “some kind of connaturality between the two, a shared capacity for nigredo.”

## **Users Review**

### **From reader reviews:**

#### **Walter Chacon:**

Information is provisions for individuals to get better life, information currently can get by anyone in everywhere. The information can be a know-how or any news even a problem. What people must be consider whenever those information which is in the former life are difficult to be find than now is taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take Helvete: A Journal of Black Metal Theory: Issue 3: Bleeding Black Noise (Volume 3) as the daily resource information.

#### **Jacqueline Campbell:**
