**Mine to Possess (Psy-Changelings, Book 4) By Nalini Singh**

**A Psy/Changeling novel from the *New York Times* bestselling author of *Shards of Hope*, *Shield of Winter*, and *Heart of Obsidian*... "the alpha author of paranormal romance" (Booklist).**

A ghost returns from a leopard changeling's past, making him question everything - even his base animal instincts...

Clay Bennett is a powerful DarkRiver sentinel, but he grew up in the slums with his human mother, never knowing his changeling father. As a young boy without the bonds of Pack, he tried to stifle his animal nature. He failed...and committed the most extreme act of violence, killing a man and losing his best friend, Talin, in the bloody aftermath. Everything good in him died the day he was told that she, too, was dead.

Talin McKade barely survived a childhood drenched in bloodshed and terror. Now a new nightmare is stalking her life - the street children she works to protect are disappearing and turning up dead. Determined to keep them safe, she unlocks the darkest secret in her heart and returns to ask the help of the strongest man she knows...

Clay lost Talin once. He will not let her go again, his hunger to possess her, a clawing need born of the leopard within. As they race to save the innocent, Clay and Talin must face the violent truths of their past...or lose everything that ever mattered.

### Editorial Review

From Publishers Weekly

Earth of 2080 continues a cold war with the chilling aliens the Psy in Singh's fourth fierce installment of the Psy-Changeling series (after *Caressed by Ice*). Half-human, half-leopard changeling Clay Bennett is shocked when lovely Talin McKade, wracked with illness and similarly half-changeling, returns to his life, having disappeared from his childhood 20 years before. Talin works at San Francisco's Shine Foundation, dedicated to helping gifted but needy children, and a growing number of her missing charges have been turning up sans brains. There's plenty of purring passion to keeps things hot as the Leopard shape-shifters Clay and Tally fall breathlessly in love, while the Psy continue to use children as guinea pigs for developing a hive mind. While this is paranormal romance at its best, newcomers are advised to check out the earlier adventures first. (Feb.) Copyright © Reed Business Information, a division of Reed Elsevier Inc.
