The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo By Gary May

In *The Informant*, historian Gary May reveals the untold story of the murder of civil rights worker Viola Liuzzo, shot to death by members of the violent Birmingham Ku Klux Klan at the end of Martin Luther King's historic Voting Rights March in 1965. The case drew national attention and was solved almost instantly, because one of the Klansman present during the shooting was Gary Thomas Rowe, an undercover FBI informant. At the time, Rowe's information and subsequent testimony were heralded as a triumph of law enforcement. But as Gary May reveals in this provocative and powerful book, Rowe's history of collaboration with both the Klan and the FBI was far more complex.

Based on previously unexamined FBI and Justice Department Records, *The Informant* demonstrates that in their ongoing efforts to protect Rowe's cover, the FBI knowingly became an accessory to some of the most grotesque crimes of the Civil Rights era--including a vicious attack on the Freedom Riders and perhaps even the bombing of the Sixteenth Street Baptist Church.

A tale of a renegade informant and an intelligence system ill-prepared to deal with threats from within, *The Informant* offers a dramatic and cautionary tale about what can happen when secret police power goes unchecked.

Editorial Review

From Publishers Weekly

Starred Review. May, whose previous explorations of American history in works such as *Un-American Activities: The Trials of William Remington* were critically acclaimed for their vivid writing and painstaking research, has turned his formidable talents to restoring a controversial episode in the civil rights struggle. While slain activist Viola Liuzzo is far from a household name today, her murder in 1965 at the hands of the Ku Klux Klan immediately after the Selma, Ala., voting rights march was a national sensation. President Johnson kept close tabs on the investigation. When suspects were taken into custody almost immediately, it seemed that J. Edgar Hoover's FBI was doing its job brilliantly; federal informant Gary Thomas Rowe, who fingered the suspects, had infiltrated the Alabama Klan five years earlier. But as May lucidly describes, Rowe's own role in the murder was suspicious, and his experiences with the KKK, which often crossed the line dividing observer from participant, linked him with other notorious race crimes of the era, including the Birmingham church bombing. May succeeds brilliantly at weaving his threads into an engrossing narrative, even while maintaining the three-dimensional humanity of both Liuzzo and Rowe. Contemporary resonance is provided by linking the FBI's handling of Rowe with the challenges today's bureau faces in the war on terror, which must also rely on unscrupulous and violent informants. This is popular history at its best and shines a long overdue light on a dark chapter in the FBI's past. (*June*)

Review

“Gary May’s page-turner is a demonstration that truth can be stranger than fiction. His book is a cautionary tale about secret government in general and the misuse of secret agents in particular. Part biography, part history, May’s book is a window on personalities and events essential to our understanding of the Civil Rights era of the 1960s.”—Robert Dallek

“The Informant is a gripping and suspenseful account of an enormously important event in American history. Based on unprecedented access to internal FBI documents, it offers fresh revelations about the Ku Klux Klan, the FBI, and the Civil Rights movement. This is a great book and, incidentally, a real page-turner.”—Richard Gid Powers, author of *Broken: The Troubled Past and Uncertain Future of the FBI*

“*The Informant* is an important book. As a wonderful storyteller and historian, Gary May uses a dramatic 1965 Civil Rights murder to tell the fascinating account of an FBI informant system that had careened out of control. Breaking new ground with his prodigious research, May takes readers back to the 1960s, inside the violent world of the Ku Klux Klan and the strife that was splitting America. May vividly demonstrates the danger of fighting today’s terrorists by relying on violent informants operating in a criminal netherworld with no fear of arrest. *The Informant* is a riveting and cautionary tale for modern times.”—Gerald Posner, author of *Why America Slept: The Failure to Prevent 9/11*

About the Author

Gary May is professor of history and director of the Master of Arts in Liberal Studies Program, University of Delaware. His previous books include *China Scapegoat: The Diplomatic Ordeal of John Carter Vincent* and *Un-American Activities: The Trials of William Remington*.

Users Review

From reader reviews:

Terri Wiggins:

This The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo is great e-book for you because the content and that is full of information for you who else always deal with world and have to make decision every minute. This particular book reveal it details accurately using great arrange word or we can declare no rambling sentences inside it. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but tricky core information with wonderful delivering sentences. Having The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo in your hand like finding the world in your arm, data in it is not ridiculous one particular. We can say that no reserve that offer you world within ten or fifteen minute right but this book already do that. So , this can be good reading book. Hi Mr. and Mrs. stressful do you still doubt that will?

Jessica Jones:

Many people spending their time by playing outside using friends, fun activity along with family or just watching TV the whole day. You can have new activity to pay your whole day by studying a book. Ugh, do you think reading a book will surely hard because you have to accept the book everywhere? It alright you can have the e-book, getting everywhere you want in your Mobile phone. Like The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo which is having the e-book version. So , why not try out this

book? Let's notice.

Bruce Mull:

Don't be worry in case you are afraid that this book will certainly filled the space in your house, you may have it in e-book technique, more simple and reachable. This specific The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo can give you a lot of friends because by you looking at this one book you have factor that they don't and make anyone more like an interesting person. This book can be one of one step for you to get success. This publication offer you information that possibly your friend doesn't recognize, by knowing more than various other make you to be great individuals. So , why hesitate? We should have The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo.

Rafael Perez:

As a scholar exactly feel bored in order to reading. If their teacher expected them to go to the library or to make summary for some publication, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this The Informant: The FBI, the Ku Klux Klan, and the Murder of Viola Liuzzo can make you feel more interested to read.
