Philosophy and Technology (Royal Institute of Philosophy Supplements)

By Roger Fellows

Philosophy and Technology (Royal Institute of Philosophy Supplements) By Roger Fellows

This collection of essays examines the philosophical and cultural aspects of technology. The issues range widely--from quantum technology to problems of technology and culture in a developing country and contributors approach the issues from a variety of perspectives. The volume includes case studies, and also more theoretical pieces that consider the fundamental question of whether technology should be perceived as a force for liberation or enslavement.
