### **Editorial Review**

#### **Review**

'...illuminating and provocative guide to the classics' Ethics and International Affairs

'What is beyond doubt is that this is a deeply impressive work of scholarship. It stands alone - there are other books that provide short, snappy accounts of the various writers Boucher discusses, and a small number of works that discuss in detail one or two of his subjects, but there is no other history of international thought that comes even close to this in terms of level of sophistication or scope. It is a remarkable achievement.' Professor Chris Brown, London School of Economics, British Journal of Politics and International Relations, Apr 2000.
