**Switching Hour: Magic and Mayhem Book One (Volume 1)** By Robyn Peterman

Released from the magic pokey and paroled with limited power is enough to make any witch grumpy. However, if you throw in a recently resurrected cat, a lime-green Kia and a sexy egotistical werewolf, it's enough to make a gal fly off the edge. Not to mention a mission...with no freaking directions. So here I sit in Asscrack, West Virginia trying to figure out how to complete my mysterious mission before All Hallows Eve when I'll get turned into a mortal. The animals in the area are convinced I'm the Shifter Whisperer (whatever the hell that is) and the hotter-than- asphalt-in-August werewolf thinks I'm his mate. Now apparently I'm slated to save a bunch of hairy freaks of nature? If they think I'm the right witch for the job, they've swallowed some bad brew.

##### Author's Note About Previous Version

This following is a note about story changes and updates for those readers who read the original version of this story in the *12 Shades of Midnight* anthology.

*Switching Hour* was originally part of the *12 Shades of Midnight* anthology which was available for a limited time in 2015. The original story I wrote has since been adapted as necessary for inclusion in the *Magic and Mahem* series. This copy--the one containing this note--is a highly revised and extended version. You as a reader will notice many changes from the original, which was intentionally crafted to fit anthology guidelines.

The most noticeable of changes is in characters. In the anthology version, Chapter 1 was originally co-written with my good buddy, Dakota Cassidy, as part of a fun and fabu experiment. In the anthology, *Switching Hour (by me)* and *Witched at Birth (by Dakota)* include the same, or nearly the same, beginning. At the end of that original Chapter One our characters went separate ways--an intentional creative decision we made together--and our stories went their separate ways too. After the anthology was removed from publication, Dakota and I both released our stories on their own. We each made as many changes as we felt necessary to make them work in their new individual series. The biggest change I made was in creating a brand new best friend character for my heroine, Zelda. The new character has a different name (Sassy), a different storyline, and will return in later series books because that is what best friends do.

If you are a Dakota fan, as well as one of mine, you may notice our Chapter One remains similar even in our newly released versions. Now you know why, Pookies. Enjoy!
