Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive By Jason Jennings

Is it possible for a company to grow its revenues and profits by 10 percent or more for at least ten consecutive years, not counting acquisitions? That's an incredibly high bar for growth and profitability, one that 99.99 percent of American companies can't meet—including the famous ones that routinely land on magazine covers.

Management expert Jason Jennings screened 100,000 companies to identify nine little-known firms that have delivered stellar performance for a full decade or more, despite the ups and downs of the economy. And, as he reveals in his new book, these superstars have a lot in common despite their wide range of industries, which includes software, food services, medical supplies, and sporting goods.

It turns out that the best long-term performers all combine the strengths of a big organization with the hunger of a start-up. They build excellent relationships with their customers, suppliers, workers, and shareholders. They groom future leaders at all levels. They balance their short-term goals with their long-term visions. And they teach their managers to get their hands dirty.

Jennings did extensive interviews at his nine featured companies to find out exactly how they consistently increase revenue and profits without using manipulation or gimmickry. He reveals their unique approach to leadership and shows how any company, no matter what size or industry, can benefit from following their examples.

Think Big, Act Small may be the most powerful management book since **Good to Great** and **Execution**.

Editorial Review

From Publishers Weekly

The latest insightful and inspirational title from Jennings (*Less Is More; ...It's the Fast That Eat the Slow*) again demonstrates potential profitability in contrary concepts. Offering engaging case studies of nine of the country's best performing (if unfamiliar) businesses, Jennings identifies 10 practices they all have in common, which, he argues, catapulted them into the rarefied category of increasing profits and revenue by 10% or more for at least 10 consecutive years. They cut across a wide spectrum of enterprises, but all, according to Jennings, have "nailed the *fundamentals*." Ten bullet-pointed and chart-summarized chapters with prescriptive titles present the basics that these prosperous business have mastered and asserts that others who apply the principles will also fatten their bottom lines. In breezy prose with plenty of anecdotes from CEO and worker interviews, Jennings argues that regardless of how big a company becomes, acting big and ignoring the needs of employees, merchants and customers always leads to lost profit. Concluding sections offer business self- evaluation materials, fascinating background on research methodologies and more data; the whole will not disappoint Jennings's fans.

Review

"Jennings has laid it out for you, Mr./Mrs. Corporate Executive. Now do you have the guts to implement what he says? This book is in the same class as *Good to Great*. I wish I had written it." —Guy Kawasaki, author of *Enchantment* and *The Art of the Start*

About the Author

Jason Jennings has spent more than twenty years teaching businesspeople how to build great organizations. He gives more than sixty keynote speeches every year and is the author of two previous business bestsellers: *Less Is More* and *It's Not the Big That Eat the Small, It's the Fast that Eat the Slow*. He lives near San Francisco.

From reader reviews:

Rebecca Bailey:

The reason? Because this Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will zap you with the secret the item inside. Reading this book alongside it was fantastic author who write the book in such remarkable way makes the content within easier to understand, entertaining way but still convey the meaning fully. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of positive aspects than the other book get such as help improving your talent and your critical thinking means. So , still want to hold off having that book? If I ended up you I will go to the reserve store hurriedly.

Stephen Stovall:

That reserve can make you to feel relax. This particular book Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive was colourful and of course has pictures on the website. As we know that book Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive has many kinds or genre. Start from kids until youngsters. For example Naruto or Private eye Conan you can read and feel that you are the character on there. Therefore , not at all of book tend to be make you bored, any it makes you feel happy, fun and chill out. Try to choose the best book to suit your needs and try to like reading this.

Jose Said:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's soul or real their passion. They just do what the educator want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive can make you really feel more interested to read.

Margaret Watt:

A number of people said that they feel fed up when they reading a reserve. They are directly felt it when they get a half elements of the book. You can choose often the book Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive to make your own personal reading is interesting. Your current skill of reading expertise is developing when you such as reading. Try to choose straightforward book to make you enjoy you just read it and mingle the feeling about book and reading through especially. It is to be first opinion for you to like to available a book and go through it. Beside that the reserve Think Big, Act Small: How America's Best Performing Companies Keep the Start-up Spirit Alive can to be your brand-new friend when you're sense alone and confuse using what must you're doing of that time.
