Editorial Review

Review

"Few photo books can claim the social and historic importance of Vietnam Inc."-Bookforum "The greatest description of war since Goya", raved Henri Cartier-Bresson... Thirty years on, Vietnam Inc. is still a classic... Essential to anyone interested in Vietnam's history, America, photography or war... Like many photojournalists, however, Griffiths retains his faith in both the ultimate goodness of humanity and the power of the photographic image. Vietnam Inc. is a testament to the latter."-Far Eastern Economic Review "Despite, or perhaps because of, the many Hollywood re-enactments of the war, Vietnam Inc. remains a shocking and powerful book... What distinguishes Vietnam Inc. from other books about the war is that it looks beyond the front-line action and seeks an understanding of life behind the headlines."-British Journal of Photography "Some of the most powerful images of the Vietnam War."-Independent on Sunday "One of the most powerful photo documents to come out of the Vietnam War."-ASPP, The Picture Professional "Remains a quintessential book on the subject."-International Center of Photography, New York "[Philip Jones Griffiths'] combination of death and destruction against a backdrop of folklife and peasant culture, contextualized by his own sharp text, seemed to expose the futility of this conflict better than wall-to-wall TV and magazine coverage."-Photo District News "If I had to pick a single book of photojournalism to represent the Vietnam War, I'd choose Philip Jones Griffiths' Vietnam Inc...Griffiths' masterpiece remains the most trenchant image-text analysis of this war ever published in English."-Photography in New York International "One of the most excoriating indictments of US involvement in the Vietnam War ever published... The book masterfully juxtaposes a rural, civilian peaceful population with that of a technically-advanced army intent on 'helping' them depose government and ideology that the people actually chose... Jones Griffiths' often wry, ironic and direct commentary helps put US military intentions in true perspective... The enduring strength of Vietnam Inc. is two-fold: Griffiths was not 'embedded' as journalists now choose to be and he was not afraid to take a moral stance about the reasons behind the US intervention and the conduct of its army."-Tribune

About the Author

Highly influential as a master photojournalist, Philip Jones Griffiths is also a writer and film-maker. A long-standing member of the international photo-agency, Magnum, his photographs have appeared in every major magazine in the world, and his assignments, often self-initiated, have led him to over 120 countries in all five continents. He has exhibited widely in the US and Europe, and continues to work for Life and Geo on a range of stories, such as Buddhism in Cambodia, drought in India and the legacy of the war in Kuwait. He has also made a number of films including a documentary for the BBC on the descendants of the HMS Bounty living on Pitcairn Island, a film about the effects of strip-mining on a valley in South Wales and a film about the Khao-I-Dang Refugee camp in Thailand for the United Nations' High Commission for Refugees. His work on Vietnam has continued to this day with books on the long-term effects of the chemicals used by the US in the conflict and on the country now at peace over thirty years later. Noam Chomsky is one of America's most prominent linguists and political critics. A renowned Professor of Linguistics at the Massachusetts Institute of Technology, he has written more than thirty political books.

Users Review

From reader reviews:

Charles Beaudoin:

This Vietnam Inc. book is not ordinary book, you have it then the world is in your hands. The benefit you have by reading this book is usually information inside this book incredible fresh, you will get details which is getting deeper you actually read a lot of information you will get. This Vietnam Inc. without we realize teach the one who looking at it become critical in pondering and analyzing. Don't possibly be worry Vietnam Inc. can bring if you are and not make your handbag space or bookshelves' come to be full because you can have it with your lovely laptop even cellphone. This Vietnam Inc. having very good arrangement in word as well as layout, so you will not feel uninterested in reading.

Kenneth Williams:

A lot of people always spent their particular free time to vacation or perhaps go to the outside with them household or their friend. Do you know? Many a lot of people spent these people free time just watching TV, or playing video games all day long. In order to try to find a new activity this is look different you can read a book. It is really fun in your case. If you enjoy the book which you read you can spent 24 hours a day to reading a book. The book Vietnam Inc. it is very good to read. There are a lot of people that recommended this book. These folks were enjoying reading this book. In the event you did not have enough space to create this book you can buy typically the e-book. You can m0ore very easily to read this book through your smart phone. The price is not to fund but this book provides high quality.

Edward Shaw:

With this era which is the greater person or who has ability to do something more are more treasured than other. Do you want to become certainly one of it? It is just simple method to have that. What you should do is just spending your time very little but quite enough to have a look at some books. On the list of books in the top checklist in your reading list is usually Vietnam Inc.. This book which is qualified as The Hungry Slopes can get you closer in becoming precious person. By looking up and review this guide you can get many advantages.

Carole Garner:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Vietnam Inc. can make you sense more interested to read.
