Editorial Review

From [Booklist](#)

Inspired by Rainer Maria Rilke's *Letters to a Young Poet*, Harper, a young black actor and graduate of Brown University and Harvard Law School, offers similar inspiration to young men clamoring for advice and encouragement at a time when popular culture offers little positive direction. Interspersed throughout are e-mail inquiries from young men and Harper's responses and those of other celebrities, including Nas, Venus Williams, and Barack Obama. He devotes separate chapters to school and work, sex, and life aspirations, tackling such issues as single parenthood, sexually transmitted diseases, the allure of materialism, and the power of words and faith. Harper offers his personal story: a young man brought up by a demanding father, who developed a relationship with his mother only as he grew older. He views the youth of today as an evolved species, like the latest model car, with improvements that come from the experiences of those who came before. Although aimed at young black men, this book, with its contemporary language and approach, should have appeal for youth of both sexes and all races. *Vernon Ford*
