The Art Book: New Edition By Editors of Phaidon

The Second Edition of *The Art Book* is a substantially expanded and updated version of the hugely successful original. Introducing 100 new artists selected from all periods and from across the globe, the new edition includes for the first time leading figures from the fields of photography and performance art. Works and text entries for a selection of artists from the original have also been updated.

Winner of the Illustrated Book of the Year award in 1994, *The Art Book* has been an outstanding success and has become a well-known landmark in the art book world. Now published in over 20 different languages and in mini, midi and hardback formats, it has received rave reviews from numerous newspapers and magazines and has made many appearances on the bestseller lists.

Complemented by *The 20th Century Art Book*, *The American Art Book*, and now *The 21st Century Art Book*, its unique approach brings art alive. An A-Z guide to the greatest painters and sculptors from medieval to modern times, it debunks art-historical classifications by throwing together brilliant examples of all periods, schools, visions and techniques. Each artist is represented by a full-page color plate of a definitive work, accompanied by explanatory and illuminating information on the image and its creator. Glossaries of artistic movements and technical terms are included, making this a valuable work of reference as well as a feast for the eyes. By breaking with traditional classifications, *The Art Book* represents a fresh and original approach to art: an unparalleled visual sourcebook and a celebration of our rich and multi-faceted culture.
