Contracts and the Legal Environment for Engineers and Architects By Joseph Bockrath, Fredric Plotnick

The seventh edition of **Contracts and the Legal Environment for Engineers and Architects** has been written for students in the engineering and architecture fields to teach the basic principles of the law and a ready reference for practicing design professionals. This edition has been completely updated in recognition of the dynamic changes in the law in recent years.

The text has been entirely reordered and several new chapters and chapter sections have been added. The material in this seventh edition has been reorganized and expanded into seven parts: **Part One:** Basic principles of the law and court systems in both the United States and globally. **Part Two:** Basic principles of contracts. **Part Three:** Relationships of individuals and society focusing upon such areas as agency, partnerships, corporations, insurance and governmental regulations. **Part Four:** Basic principles of tort law including concepts of negligence and product liability. **Part Five:** Basic principles of property ranging from real property to intellectual property. **Part Six:** Impact to the daily practice of a design professional involved in a construction project. **Part Seven:** The role of the design professional in litigation.

Editorial Review

About the Author

Fredric Plotnick is an Adjunct Professor of Engineering in the departments of Engineering Management, Civil Engineering, and Construction Management at Drexel University's Philadelphia Pennsylvania Campus, where he has taught Engineering Law, Contracts Specifications and Law, Techniques of Project Controls, Project Scheduling and several other subjects since 1979. He has also maintained a consulting practice, Engineering and Property Management Consultants, Inc., since 1983, having previously worked for several contracting, consulting and engineering design firms. Professor Plotnick is a graduate of Drexel University College of Engineering, having a BSCE in Soil and Foundation Engineering and an MSCE in Construction Management, followed by a JD from Widener University School of Law, and returning to Drexel for his PhD in Civil Engineering.

Joseph Bockrath is the R. Gordon Kean Professor of Law at the Louisiana State University Law Center, where he has taught Contracts, Constitutional Law, and several other subjects since 1976. Prior to his arrival at LSU he was an Assistant Professor of Marine Studies at the University of Delaware. Professor Bockrath is a graduate of Hastings College of Law of the University of California in San Francisco.

Users Review

From reader reviews:

Betty Ahlstrom:

What do you regarding book? It is not important along with you? Or just adding material when you need something to explain what the ones you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have spare time? What did you do? Every person has many questions above. They must answer that question simply because just their can do that will. It said that about publication. Book is familiar in each person. Yes, it is correct. Because start from on pre-school until university need this kind of Contracts and the Legal Environment for Engineers and Architects to read.

Eric Beckman:

As people who live in the modest era should be change about what going on or information even knowledge to make these individuals keep up with the era that is certainly always change and move forward. Some of you maybe will certainly update themselves by reading through books. It is a good choice for you personally but the problems coming to you is you don't know what one you should start with. This Contracts and the Legal Environment for Engineers and Architects is our recommendation so you keep up with the world. Why, because this book serves what you want and need in this era.

Ralph McClure:

Nowadays reading books become more than want or need but also work as a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The knowledge you get based on what kind of reserve you read, if you want send more knowledge just go with training books but if you want sense happy read one having theme for entertaining for example comic or novel. Often the Contracts and the Legal Environment for Engineers and Architects is kind of e-book which is giving the reader unforeseen experience.

Christopher Small:

Your reading 6th sense will not betray you actually, why because this Contracts and the Legal Environment for Engineers and Architects book written by well-known writer who really knows well how to make book that may be understand by anyone who else read the book. Written in good manner for you, still dripping wet every ideas and publishing skill only for eliminate your personal hunger then you still uncertainty Contracts and the Legal Environment for Engineers and Architects as good book not merely by the cover but also from the content. This is one reserve that can break don't evaluate book by its cover, so do you still needing a different sixth sense to pick this!? Oh come on your reading sixth sense already said so why you have to listening to another sixth sense.
