El Proyecto Montauk (Spanish Edition) By Preston B Nichols, Peter Moon

English: "The Montauk Project" chronicles the most amazing and secretive research project in recorded history. Starting with the "Philadelphia Experiment" of 1943, invisibility experiments were conducted aboard the USS Eldridge that resulted in full scale teleportation of the ship and crew. Forty years of massive research ensued, culminating in bizarre experiments at Montauk Point that actually tapped the powers of creation and manipulated time itself. "The Montauk Project" bridges the modalities of Science with the most esoteric techniques ever imagined and finally catapults us to the threshold of the stars. We all know something is out there, but we're not sure exactly what. This book, at long last begins to provide some solid clues. Spanish: "El Proyecto Montauk" relata el proyecto investigativo más impresionante y secreto de la historia. Comenzando con el "Experimento Filadelfia" de 1943, se llevaron a cabo experimentos de invisibilidad a bordo del USS Eldridge, que resultaron en teleportaciones a escala completa de la nave y su tripulación. Siguió cuarenta años de investigación masiva que terminaron con experimentos raros en Montauk Point, los cuales en realidad dieron apertura a los poderes de la creación y manipulación del tiempo. El Proyecto Montauk crea un puente entre las modalidades de la ciencia y las técnicas más esotéricas jamás imaginadas y finalmente nos catapulta al umbral de las estrellas. Todos sabemos que hay algo ahí, pero no estamos seguros de qué es exactamente. Después de una larga espera, este libro comienza a aportar algunas pistas sólidas.
