NOTE: Before purchasing, check with your instructor to ensure you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a **Course ID**, which your instructor will provide.

Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

In the **Mathematics in Action** series, students discover mathematical concepts through activities and applications that demonstrate how math applies to their everyday lives. Different from most math books, this series teaches through activities—encouraging students to learn by constructing, reflecting on, and applying the mathematical concepts. The user-friendly approach instills confidence in even the most reticent math students and shows them how to interpret data algebraically, numerically, symbolically, and graphically. The active style develops mathematical literacy and critical thinking skills. Updated examples, brand-new exercises, and a clearer presentation make the **Fifth Edition** of this text more relevant than ever to today's students.

From reader reviews:

Gregory Richards:

Do you considered one of people who can't read enjoyable if the sentence chained within the straightway, hold on guys this particular aren't like that. This Mathematics in Action: Algebraic, Graphical, and Trigonometric Problem Solving Plus NEW MyMathLab -- Access Card Package (5th Edition) (What's New in Developmental Math?) book is readable by means of you who hate the straight word style. You will find the details here are arrange for enjoyable examining experience without leaving also decrease the knowledge that want to offer to you. The writer of Mathematics in Action: Algebraic, Graphical, and Trigonometric Problem Solving Plus NEW MyMathLab -- Access Card Package (5th Edition) (What's New in Developmental Math?) content conveys the thought easily to understand by most people. The printed and e-book are not different in the content material but it just different available as it. So , do you still thinking Mathematics in Action: Algebraic, Graphical, and Trigonometric Problem Solving Plus NEW MyMathLab -- Access Card Package (5th Edition) (What's New in Developmental Math?) is not loveable to be your top list reading book?

Linda Fite:

The publication with title Mathematics in Action: Algebraic, Graphical, and Trigonometric Problem Solving Plus NEW MyMathLab -- Access Card Package (5th Edition) (What's New in Developmental Math?) contains a lot of information that you can find out it. You can get a lot of profit after read this book. This book exist new know-how the information that exist in this publication represented the condition of the world currently.
