### **Editorial Review**

#### **Review**

"This book provides undergraduates with an excellent overview of molecular virology. This is an absolutely necessary book for students who have not been exposed to this topic and require a book that provides this information in a clear and concise manner. Updated editions are extremely important in such a rapidly changing field. New discoveries have been included in this edition which enables students to feel that they are receiving the latest information."

- DOODY'S - 4 Stars (2006)
