## Atlas of Endoscopic Ultrasonography From Wiley-Blackwell

The *Atlas of Endoscopic Ultrasonography* provides readers with a large collection of excellent images obtained from both diagnostic and therapeutic procedures. The Atlas includes a DVD which will be an invaluable addition to the library of trainee and practising gastroenterologists with video clips and searchable database of images. Together the book and DVD offer a first class collection of images to give a highly integrated introduction to endoscopic ultrasonography.

The Atlas is an ideal companion to Dr Gress et al's *Endoscopic Ultrasonography*, Second Edition.

### Editorial Review

#### Review

“Overall, the book reaches its intended audience and adds to the existing body of media by putting together a compendium of images and focused text that provides a quick reference for individuals in all phases of their careers. The book has particular strengths with the “how-to” and the video sections, which really make it a welcome addition to the literature. This new textbook fills an important gap for both novice and ongoing learning, written by expert endosonographers, and will be a useful addition to their libraries.”

(*Gastroenterology*, 1 August 2012)

“This is a great addition to the growing body of literature serving as introduction to EUS . . . I hope this is a wonderful success and inspires many more iterations.” (*Doody's*, 21 December 2012)

#### From the Back Cover

The *Atlas of Endoscopic Ultrasonography* provides readers with a large collection of excellent images obtained from both diagnostic and therapeutic procedures. The Atlas includes a DVD which will be an invaluable addition to the library of trainee and practising gastroenterologists with video clips and searchable database of images. Together the book and DVD offer a first class collection of images to give a highly integrated introduction to endoscopic ultrasonography.

The Atlas is an ideal companion to Dr Gress et al's *Endoscopic Ultrasonography*, Second Edition.

### Users Review

#### From reader reviews:

**Aaron Tyler:**

Why don't make it to become your habit? Right now, try to ready your time to do the important act, like looking for your favorite guide and reading a e-book. Beside you can solve your trouble; you can add your

knowledge by the book entitled *Atlas of Endoscopic Ultrasonography*. Try to make the book *Atlas of Endoscopic Ultrasonography* as your pal. It means that it can be your friend when you experience alone and beside associated with course make you smarter than previously. Yeah, it is very fortunate for yourself. The book makes you more confidence because you can know every thing by the book. So, let us make new experience along with knowledge with this book.

#### **Ann Davis:**

Information is provisions for people to get better life, information today can get by anyone from everywhere. The information can be a know-how or any news even an issue. What people must be consider while those information which is in the former life are challenging to find than now's taking seriously which one is suitable to believe or which one typically the resource are convinced. If you find the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen within you if you take *Atlas of Endoscopic Ultrasonography* as your daily resource information.

#### **Wm Mills:**

Reading a e-book tends to be new life style within this era globalization. With looking at you can get a lot of information which will give you benefit in your life. Having book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their own reader with their story or perhaps their experience. Not only the story that share in the books. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors in this world always try to improve their ability in writing, they also doing some research before they write with their book. One of them is this *Atlas of Endoscopic Ultrasonography*.

#### **Aurora Ammon:**

Playing with family within a park, coming to see the coastal world or hanging out with good friends is thing that usually you will have done when you have spare time, then why you don't try point that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love *Atlas of Endoscopic Ultrasonography*, it is possible to enjoy both. It is excellent combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout people. What? Still don't obtain it, oh come on its known as reading friends.
