Editorial Review

Review

Choo's text provides a very accessible explanation of the law of evidence, alongside a wealth of further source material that can be followed by law students and academics alike with relative ease. Emma Smith, Northumbria University, *The Law Teacher*, 2012 It is admirable that, although Choo's text is shorter than some other notable texts in the area, detail is not sacrificed in order to facilitate the inclusion of more material. Choo does not shy away from introducing the reader to more complex concepts or debates such as Wigmore's approach to relevance and the hearsay debate and these are explained clearly and often to an impressive degree of complexity. Emma Smith, Northumbria University, *The Law Teacher*, 2012
