Editorial Review

Review

'... this resource is interesting and valuable and I will definitely use it for my classes ... Some activities provide the teacher with opportunities to exploit the learners' personal working experience in order to assess language needs and abilities and teach the language they most need. I believe my students will enjoy working through the course although at times they might find it challenging.' VATME Newsletter No.71, 1997

Users Review

From reader reviews:

Paul Holt:
