Skinny Dip By Carl Hiaasen

Marine biologist Chaz Perrone can't tell a sea horse from a sawhorse. And when he throws his beautiful wife, Joey, off a cruise liner, he really should know better. An expert swimmer, Joey makes her way to a floating bale of Jamaican pot-and then to an island inhabited by an ex-cop named Mick Stranahan, whose ex-wives include five waitresses and a TV producer. Now Joey wants to get revenge on Chaz and Mick's happy to help her. But in swampy South Florida, separating lies from truths and stupidity from brilliance isn't easy. Especially when you're after a guy like Chaz-who's bad at murder, great at fraud, and just terrible at getting caught...

Editorial Review

Amazon.com Review

Charles "Chaz" Perrone fancies himself a take-charge kind of guy. So when this "biologist by default" suspects that his curvaceous wife, Joey, has stumbled onto a profitable pollution scam he's running on behalf of Florida agribusiness mogul Red Hammernut, he sets out right away to solve the problem--by heaving Joey off the deck of a luxury cruise liner and into the Atlantic Ocean, far from Key West. But--whoops!--Joey, a former swimming champ, doesn't drown. Instead, as Carl Hiaasen tells in his 10th adult novel, *Skinny Dip*, she makes her way back to shore, thanks both to a wayward bale of Jamaican marijuana and lonerish ex-cop Mick Stranahan (*Skin Tight*, 1989), and then launches a bogus blackmail campaign that's guaranteed to drive her lazy, libidinous hubby into a self-protective frenzy.

You've got to hand it to Hiaasen: He's perfected a formula for crisply written, satirical crime fiction that makes the best use of imaginatively repulsive villains, as well as less thoroughly venal scoundrels and victims who ultimately overcome their antagonists, all while stumping for the preservation of Florida's environment, particularly the Everglades. In *Skinny Dip*, we find Chaz (who'd rather be golfing than putting around the "hot, buggy, funky-smelling and treacherous" reaches of nature) falsifying water samples to help Hammernut turn the 'Glades into "God's septic tank." That scheme, though, is endangered not just by Joey's sudden disappearance, but by the suspicions of a python-loving police detective and Chaz's own outstanding inability to tame his Viagra-enhanced tumescence. Even by assigning Chaz a baby-sitter--the hulking, hirsute, and painkiller-addicted Tool--Hammernut can't keep his pet biologist out of trouble. As Joey and Stranahan unfold their revenge plot, and Tool's conscience grows in competition with Chaz's ego, the reader can only marvel at the extent of the train wreck ahead.

As much fun as Hiaasen has delivering Chaz his climactic comeuppance, what's missing from *Skinny Dip* is a more complex, more credible development of Mick Stranahan's character and the relationship he builds with the much younger Joey Perrone. Like Erin Grant, from *Strip Tease*, Joey has far more going for her than her bra-cup size; but "hero" Stranahan is of far less interest here than any of his fellow players. --J. Kingston Pierce

From Publishers Weekly

Hiaasen's signature mix of hilariously over-the-top villains, lovable innocents and righteous indignation at what mankind has done to his beloved Florida wilderness is all present in riotous abundance in his latest. It begins with attractive heiress Joey Perrone being tossed overboard from a cruise ship by her larcenous husband, Chaz—not for her money, which she has had the good sense to keep well away from him, but because he fears she is onto his crooked dealings with a ruthless tycoon who is poisoning the Everglades. But instead of drowning as she's supposed to, Joey stays afloat until she is rescued by moody ex-cop Mick Stranahan, a loner who has also struck out in the marriage department. Then the two together, with the unwitting aid of a suspicious cop who can't pin the attempted murder on Chaz, hatch a sadistic plot to scare that "maggot" out of what little wit he has. Even Tool, a hulking brute sent by the tycoon to keep an eye on Chaz, eventually turns against him, and much of the fun is in watching the deplorable Chaz flounder further and further in the murk, both literally and figuratively (Chaz's job, as the world's unlikeliest marine biologist, involves falsifying water pollution levels for the tycoon). Hiaasen's books are so enjoyable it's always a sad moment when they end. In this case, however, sadness is mixed with puzzlement because the book seems to end in mid-scene, with Chaz in trouble again—but is it terminal? We thought at first there were some pages missing, but Knopf says that was the ending Hiaasen intended. Odd.

From [Bookmarks Magazine](#)

For two decades, Florida native Hiaasen has mined the seamy side of the Sunshine State. In his eleventh novel, he once again draws on his intricate knowledge of Florida's cultural and natural landscape to weave together absurd, oddball characters (the hirsute "protector" Tool in particular) and an even more ludicrous plot. It's entertainment galore—but, like Hiaasen's previous novels, it comments strongly on environmental devastation and eco-justice. A few critics complain that the author doesn't fully exploit the possibilities of his set-up—a large-scale government project to restore the Everglades. The pat ending, too, leaves something to be desired. Still, in his best form, Hiaasen provides "entertainment with an emotional punch" (*Orlando Sentinel*).
