International A/AS Level Physics By Chris Mee, Mike Crundle, Brian Arnold, Wendy Brown

International A/AS Level Physics has been carefully prepared for the University of Cambridge International Examinations course for A and AS Level Physics (9702). The book covers the main theoretical concepts and current applications of physics, and has a strong emphasis on the required practical skills. Fostering creative thinking and problem-solving, it provides an excellent resource for those wishing to study physics at university level, or to follow a career in science. The author team includes experienced examiners and teachers who have worked together to ensure that the material is approachable to students from the very start of their course, and gives them all the guidance and information needed to enable them to face their exams with confidence.
