Makers of Modern Strategy from Machiavelli to the Nuclear Age From Princeton University Press

The essays in this volume analyze war, its strategic characteristics and its political and social functions, over the past five centuries. The diversity of its themes and the broad perspectives applied to them make the book a work of general history as much as a history of the theory and practice of war from the Renaissance to the present. *Makers of Modern Strategy from Machiavelli to the Nuclear Age* takes the first part of its title from an earlier collection of essays, published by Princeton University Press in 1943, which became a classic of historical scholarship. Three essays are repainted from the earlier book; four others have been extensively revised. The rest--twenty-two essays--are new.

The subjects addressed range from major theorists and political and military leaders to impersonal forces. Machiavelli, Clausewitz, and Marx and Engels are discussed, as are Napoleon, Churchill, and Mao. Other essays trace the interaction of theory and experience over generations--the evolution of American strategy, for instance, or the emergence of revolutionary war in the modern world. Still others analyze the strategy of particular conflicts--the First and Second World Wars--or the relationship between technology, policy, and war in the nuclear age. Whatever its theme, each essay places the specifics of military thought and action in their political, social, and economic environment. Together the contributors have produced a book that reinterprets and illuminates war, one of the most powerful forces in history and one that cannot be controlled in the future without an understanding of its past.

Editorial Review

From Library Journal

Makers of Modern Strategy, first published in 1943, deserved and demanded updating. The 28 essays in the new volume7 more than in the original range from excellent to outstanding. They reflect the skills of a cross-section of leading military historians. But reviving a classic is a difficult task. Some original contributions were discarded, some rewritten, some left virtually intact. Old and new frequently coexist awkwardly, as when Hajo Holbom and Gunther Rothenberg compete for 19th-century Germany. The editors' reluctance to impose a common format added to an intellectual diffusion most visible in a split between biographic and thematic approaches. As a result, this revision cannot equal its predecessor's status as a standard text. As an anthology, however, the work is brilliantly successful and that is no mean achievement. Recommended for all students of military history. Dennis Showalter, History Dept., Colorado Coll., Colorado Springs

Review

"[The essays] are authoritative and convincing. Taken together, they demonstrate the complexity of strategy and the importance of it being closely integrated with politics."--*New York Times Book Review*

From the Back Cover

Carl Von Clausewitz defined strategy as the use of combat, or the threat of combat, for the purpose of the war in which it takes place. This formulation, which a modern historian has characterized as both revolutionary and defiantly simplistic, can be amended or expanded without difficulty.

Users Review

From reader reviews:

Gerard Williams:

Book will be written, printed, or descriptive for everything. You can understand everything you want by a book. Book has a different type. We all know that that book is important thing to bring us around the world. Alongside that you can your reading talent was fluent. A guide Makers of Modern Strategy from Machiavelli to the Nuclear Age will make you to become smarter. You can feel far more confidence if you can know about everything. But some of you think this open or reading the book make you bored. It is far from make you fun. Why they are often thought like that? Have you trying to find best book or acceptable book with you?

Norma Dickerson:

What do you consider book? It is just for students because they are still students or this for all people in the world, what the best subject for that? Just you can be answered for that concern above. Every person has various personality and hobby for each and every other. Don't to be obligated someone or something that they don't want do that. You must know how great along with important the book Makers of Modern Strategy from Machiavelli to the Nuclear Age. All type of book can you see on many options. You can look

for the internet options or other social media.

Richard Broderick:

People live in this new day time of lifestyle always try to and must have the free time or they will get lot of stress from both lifestyle and work. So , if we ask do people have extra time, we will say absolutely yes. People is human not really a huge robot. Then we ask again, what kind of activity are there when the spare time coming to a person of course your answer can unlimited right. Then do you ever try this one, reading books. It can be your alternative within spending your spare time, the particular book you have read is usually Makers of Modern Strategy from Machiavelli to the Nuclear Age.

Jack Caldwell:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Makers of Modern Strategy from Machiavelli to the Nuclear Age can make you truly feel more interested to read.
