### Editorial Review

#### From Publishers Weekly

Under the spell of quantum physics, Bach and his wife Leslie are catapulted into an alternate world in which they exist simultaneously in many different incarnations. "These little homilies can either be uplifting or mightily boring, depending on the reader's point of view," wrote PW.

#### Review

"Instead of soaring and diving though space, passengers on this flight must be prepared to cruise slowly, making several stops to look at their motivation and lifestyles as the Bachs look at their own." -- *Detroit Free Press*.

"This is a strange and thought-provoking fantasy from the man who gave us *Jonathan Livingston Seagull* and *Illusions*, one that is imaginative, playful, and in places, startling in concept." -- *The Anniston Star*.
