Editorial Review

About the Author

Teresa Garland, MOT, OTR/L, is an occupational therapist and author specializing in sensory and modulation issues. She has worked in schools, sensory clinics and medical settings with children and adults, treating sensory disorders, ADHD and autism. Ms. Garland works closely with other health professionals, teachers and doctors to understand and treat underlying sensory, timing, and coordination/motor planning issues as well as overlying socio/emotional behaviors in the symptoms of autism. She is trained/certified in the SIPT, Interactive Metronome®, Integrated Listening Systems (iLs), Therapeutic Listening, Wilbarger's Sensory Defensiveness, the Natural Heart Approach, Mindfulness Training, and Food Chaining.

Users Review

From reader reviews:

Rita Campanelli:

As people who live in typically the modest era should be update about what going on or data even knowledge to make these keep up with the era and that is always change and make progress. Some of you maybe will update themselves by reading books. It is a good choice for you but the problems coming to you is you don't know what one you should start with.
