#### **Review**

"I would adopt this textbook in a heartbeat for a class on critical thinking. I am impressed with how much is accomplished in a slim volume. The clarity of writing is one of the great strengths of this text."-- Elizabeth Meade , Cedar Crest College

"As a foundational guide to reasoning, Munson and Black's effort in this edition is commendable - well organized, filled with timely examples, and weighted with the clearest and most substantive content that I have seen in such a textbook."-- Jason Black , University of Alabama
